SECRET

TO : ARA - Mr. Woodward

DATE: June 28, 1954

FROM : MID - Mr. Fisher

SUBJECT: Plan of Action in Event Arbenz Government is Overthrown

I think that early, though not necessarily immediate, attention should be given the question of helping Guatemalan labor establish connections with the free labor movement. United States labor organizations and ORIT should be helped in every discreet way to give appropriate guidance to Guatemalan labor in order to insure its genuine and lasting adherence to the democratic labor movement.
